

PsyD / Clinical Psychologist Role - Chicagoland

At Hopemark Health, our mission is to address the growing need for effective and personalized mental healthcare through innovative and novel therapies. We began our journey as the first psychiatric-led Ketamine clinic in Chicago and have administered over 4700 Ketamine treatments since then.

Our clinics offer a best-in-class patient experience that is rooted in evidence-based psychiatric and psychotherapy-led treatments. We are a group of passionate healthcare providers and mental health advocates looking to grow our team and further our mission across the Chicagoland area.

We believe in the power of integrated mental healthcare, the importance of independence, compassion, and accountability in the workplace, and in a community that prioritizes their mental health. You will be a part of a fast-growing industry focused on utilizing the best and most advanced treatments for those in need. If you are looking to expand your career in the mental health industry while improving the lives of those in your community, we are looking for you.

Hopemark is looking for motivated **licensed PsyD / Clinical Psychologists with experience and/or interest in ketamine assisted therapy and psychedelic assisted therapy to join our integrated psychotherapy and psychiatry practices.**

Ideal clinicians have a trauma-informed approach to care, will be a team player, motivated, adaptable, and have excellent communication skills. Training will be provided but prior experience with ketamine and/or psychedelic-assisted therapies is preferred.

Primary Therapist Responsibilities:

- Lead team of therapists
- Build KAP protocols / psychedelic assisted therapy protocols
- Provides ketamine-assisted psychotherapy treatment and integration of experiences
- Creates individualized treatment plans according to patient needs
- Collaborates effectively with the treatment team inclusive of referring primary care providers
- Maintains thorough records of patient sessions and progress
- Strictly adheres to HIPAA regulations
- Conducts ongoing assessments of patient progress
- Provides a flexible, empathic, and patient-centered approach to psychotherapy
- Provide traditional psychotherapy for general psychiatry

- Collaborate with clinical providers for cross-functional patient care

This is a full-time position (30-40) hours per week once a caseload is established.

Qualifications

Acceptable candidates must have:

- Completion of a doctorate in one of the following disciplines: Clinical or Counseling Psychology; Social Work; Marital & Family Therapy. Other disciplines may be considered depending on licensure.
- Membership/license in the appropriate regulatory body that authorizes engaging in psychotherapy (ideally one that allows independent practice).
- Licensed to practice in Illinois.

Experience

- Minimum of 5-8 years of clinical experience in adult individual and/or group therapy specifically focused on addressing common and complex mental health conditions, including depression, anxiety, and trauma. LCPC, LMFT, and LCSW's are encouraged to apply
- Trauma-informed care approach/training
- Integrated, lived experiences that support clinical competencies are acknowledged and welcomed
- Experience working with diverse adult client populations
- Experience managing client flow and working in a collaborative, multidisciplinary team environment is a plus
- EMDR experience a plus
- CADC certification a plus

Key Attributes

- Desire to be an integral part of a rapidly growing team dedicated to transforming the mental health care system.
- Can rapidly establish deep rapport with a significant variety of people.
- Authentic, non-judgmental, focused presence, intuitive sensitivity, empathic while maintaining supportive structure, nuanced self-discovery, warmth, respect/appreciate different life trajectories.
- Experience with adversity and an active commitment to personal growth.
- Understanding of the physical and psychological effects of psychedelics.

At Hopemark Health we believe in and foster diversity, inclusion and equality for our employees, patients, and community. We are an equal opportunity employer. We offer competitive benefits inclusive of:

- Health, dental, vision, and life insurance
- Paid vacation, paid holidays, and other personal time off
- Advanced training/career advancement opportunities

Job Types: Full-time

Salary Range: \$125,000 to \$140,000
